

Covalence EthicalQuote Ranking Service

Monitor your ethical reputation, benchmark, communicate internally and externally

Ethics is at the core of your company's most valuable asset: its reputation. Covalence runs EthicalQuote, the ethical reputation scoring system and CSR news database tracking the world's largest companies.

Covalence EthicalQuote Ranking Service offers a unique way to benchmark against leading companies, globally and on a sector basis. This service allows you to monitor your EthicalQuote Ranking and to communicate about it.

- Quarterly ranking summary, list and history
- Global and sector benchmarking
- Customizable graphic material
- Monthly ethical Snapshots & online navigator
- Ratings & charts
- Reputation, risk and trend
- Performance in criteria groups, most active criteria

Covalence EthicalQuote Ranking Service is available in two formulas, depending on your communications needs:
